## New to your 2019-2020 Profile Report

Upon registration, students are now given the option to select gender values that include Male, Female, Another Gender, and Prefer Not to Respond. With this change, ACT Profile Reports will report outcomes for Males, Females, and those students providing Other Responses.

# Table of Contents

## Section I: Executive Summary

Page 5

- Average Composite Scores: 5 Years of Testing
- Percent Meeting 3 or 4 Benchmarks: 5 Years of Testing
- Percent Meeting STEM Benchmark: 5 Years of Testing
- Percent Taking A Core Curriculum: 5 Years of Testing
- Five Year Trends—Percent of Students Who Met
  - College Readiness Benchmarks
- Five Year Trends—Average ACT Scores
- Five Year Trends—Average ACT Scores by Level of Preparation
- Five Year Trends—Percent and Average Composite Score
  - by Race/Ethnicity
- Five Year Trends—Achievement in STEM
- Proficiency Toward Understanding Complex Text

## Section II: Academic Achievement

Page 11

- Average ACT Composite Scores by Race and Core Curriculum Status
- ACT Score Distributions, Cumulative Percents, and Averages
- Subject Area Reporting Categories
- Average ACT Composite Scores for Race/Ethnicity
  - by Level of Preparation
- Average ACT Scores by Race/Ethnicity
- Average ACT Composite Scores for Gender by Level of Preparation
- Average ACT Scores by Gender
- ACT Score Quartile Values

## Section III: College Readiness & Impact of Course Rigor

Page 17

- Percent of Students Meeting 3 or 4 College Readiness
  - Benchmarks by Core College Curriculum Status
- Percent of Students in College and Career Readiness Standards (CCRS)
  - Score Ranges
- Percent of Students Who Met ACT College Readiness Benchmark Scores
  - by Gender
- Percent of Students Who Met ACT College Readiness Benchmark Scores
  - by Race/Ethnicity
- Likely ACT National Career Readiness Certificate (NCRC) Level
  - Based Upon ACT Composite Score
- College Readiness Benchmark Percent and Average ACT Scores
  - by Overall High School Curriculum
- College Readiness Benchmark Percent and Average ACT Scores
  - by Content-Specific Curriculum
- College Readiness Benchmark Percent and Average ACT Scores
  - by Common Course Patterns
- College Readiness Benchmark Percent and Average ACT Scores
  - for Gender by Common Course Patterns

## Section IV: Career and Educational Aspirations

Page 25

- Average ACT Composite Scores
  - by Race and Student Postsecondary Aspirations
- Distribution of Planned Educational Majors for All Students
  - by College Plans
- Average ACT Composite Scores for Racial/Ethnic Groups
  - by Post-Secondary Educational Aspirations
- Students' Score Report Preferences at Time of Testing

## Section V: Optional Writing Test Results

Page 31

- Average ACT Writing Scores by Race/Ethnicity
- Average ACT Writing and English Language Arts Outcomes
  - by Race/Ethnicity and Gender for Students Who Took Writing

This report provides information about the performance of your students who took the ACT as part of the Utah State Testing (Grade 11 Tested Students).

This report focuses on:

**Performance** - student test performance in the context of college readiness

**Access** - number of your graduates exposed to college entrance testing and the percent of race/ethnicity participation

**Course Selection** - percent of students pursuing a core curriculum

**Course Rigor** - impact of rigorous coursework on achievement

**College Readiness** - percent of students meeting ACT College Readiness Benchmark Scores in each content area

**Awareness** - extent to which student aspirations match performance

**Articulation** - colleges and universities to which your students send test results

Each year, test data for a school, district, and the state represents a different cohort of students. ACT encourages educators to focus on trends (3, 5, 10 years), not year-to-year changes. Such changes can represent normal – even expected – fluctuations. On the other hand, trend lines offer more insight into what is happening in a school, district, or the state.

Furthermore, ACT encourages educators to measure student performance in the context of college readiness measures. The focus should be on the number and percentage of students who met or exceeded ACT's College Readiness Benchmark Scores, a measure that is much more meaningful and understandable than an average composite score for a group of students.

**The ACT is a curriculum-based measure of college readiness. ACT components include:**

- Tests of academic achievement in English, math, reading, science, STEM, and (optional) ELA and writing
- High school grade and course information
- Student Profile Section
- Career Interest Inventory

**The ACT:**

Every few years, ACT conducts the **ACT National Curriculum Survey** to ensure its curriculum-based assessment tools accurately measure the skills high school teachers teach and instructors of entry-level college courses expect. The ACT is the only college readiness test designed to reflect the results of such a survey.

ACT's **College and Career Readiness Standards** are sets of statements intended to help students, parents and educators understand the meaning of test scores. The standards relate test scores to the types of skills needed for success in high school and beyond. They serve as a direct link between what students have learned and what they are ready to do next. The ACT is the only college readiness test for which scores can be tied directly to standards. College and Career Readiness Standards to the Classroom interpretive guides can be found at [www.act.org/content/act/en/education-and-career-planning/college-and-career-readiness-standards.html](http://www.act.org/content/act/en/education-and-career-planning/college-and-career-readiness-standards.html).

Only the ACT reports **College Readiness Benchmark Scores** – A benchmark score is the minimum score needed on an ACT subject-area test to indicate a 50% chance of obtaining a B or higher or about a 75% chance of obtaining a C or higher in the corresponding credit-bearing college courses, which include English Composition, Algebra, Social Science, Biology, STEM and ELA. These scores were empirically derived based on the actual performance of students in college.

| College Course/Course Area | ACT Score   | Benchmark Score |
|----------------------------|-------------|-----------------|
| English Composition        | English     | 18              |
| Algebra                    | Mathematics | 22              |
| Social Sciences            | Reading     | 22              |
| Biology                    | Science     | 23              |
| STEM                       | STEM        | 26              |
| ELA                        | ELA         | 20              |

## How to Improve Scores and Increase College Readiness

23% of your students met all four ACT College Readiness Benchmark Scores (Table 1.1). To improve students' scores and increase the percentage of students identified as college ready, ACT suggests:

**PROVIDING ACCESS FOR ALL STUDENTS TO TAKE THE ACT:** 74 of your students are included in this report (the 'cohort'). Increasing access insures that more students have the opportunity to consider college and allows the reader to use this report to evaluate how well courses and instructional programs are preparing students for college and work.

**MAKING CORE CURRICULUM A PRIORITY:** Emphasize the need for all students to develop college and work ready skills, regardless of postsecondary aspirations. 72% of the students in the cohort reported taking courses that would be considered 'Core or More' (Table 1.4).

**MAKING SURE STUDENTS ARE TAKING THE RIGHT KINDS OF COURSES:** Table 3.8 reports 5% of the cohort took less than three years of math courses. Of these students, 0% were college ready. 3% of the cohort reported taking a course sequence of Algebra I, Algebra II, and Geometry. 0% of these students were college ready. In comparison, 38% of the students who took 3 or more years of math beyond Algebra I, Algebra II, and Geometry were college ready. Getting more students ready for Algebra prior to 9th grade will increase the chances that students will be prepared for and take advanced-level math courses.

Similarly, Table 3.8 reports 15% of the cohort took less than three years of natural science courses. 18% of these students were college ready. In comparison, 43% of students who took at least three years of science coursework were college ready.

**EVALUATING RIGOR OF COURSES:** Table 3.1 reports the percentage of students falling in each of the ACT College and Career Readiness Standards score ranges. For example, approximately 57% of the cohort fall into the lowest three Mathematics score ranges. To increase these students' achievement, identify the standards they should focus on next by accessing ACT's College and Career Readiness Standards at [www.act.org/content/act/en/education-and-career-planning/college-and-career-readiness-standards.html](http://www.act.org/content/act/en/education-and-career-planning/college-and-career-readiness-standards.html).

**PLAN GUIDANCE ACTIVITIES BASED ON STUDENTS' CAREER AND COLLEGE ASPIRATIONS:** Data in Tables 4.1 and 4.2 enable the reader to determine if aspirations are consistent with academic performance and whether, among students with similar aspirations, academic performance is consistent across racial/ethnic groups.

For more information on interpreting data in this report, or to learn how ACT can help your students improve their readiness for college and the workplace, contact ACT Customer Service at 319-337-1365 or [customerservices@act.org](mailto:customerservices@act.org).

# Section I

## Executive Summary

Figure 1.1. Average Composite Scores: 5 Years of Testing\*

Figure 1.2. Percent Meeting 3 or 4 Benchmarks: 5 Years of Testing\*

Figure 1.3. Percent Meeting STEM Benchmark: 5 Years of Testing\*

Figure 1.4. Percent Taking A Core Curriculum: 5 Years of Testing\*

\* Missing columns in above graphs reflect years in which no students were tested.

**Table 1.1. Five Year Trends—Percent of Students Who Met College Readiness Benchmarks**

| Year             | Number of Students Tested |               | Percent Who Met Benchmarks |           |             |           |           |           |           |           |              |           |
|------------------|---------------------------|---------------|----------------------------|-----------|-------------|-----------|-----------|-----------|-----------|-----------|--------------|-----------|
|                  | School                    | State         | English                    |           | Mathematics |           | Reading   |           | Science   |           | Met All Four |           |
|                  |                           |               | School                     | State     | School      | State     | School    | State     | School    | State     | School       | State     |
| 2015-2016        | 77                        | 40,014        | 70                         | 54        | 34          | 32        | 42        | 38        | 31        | 32        | 25           | 20        |
| 2016-2017        | 101                       | 41,420        | 66                         | 55        | 47          | 34        | 56        | 38        | 40        | 30        | 33           | 21        |

<sup>1</sup> CP is the cumulative percent of students at or below a score point.

<sup>2</sup> ELA scores are derived only for students with a valid writing score.

Note: Shaded portions of columns identify the students who met/exceeded the ACT College Readiness Benchmark Scores.

Figure 2.2. English Reporting Categories

Figure 2.3. Math Reporting Categories

Figure 2.4. Reading Reporting Categories

Figure 2.5. Science Reporting Categories

The charts on this page show the percent of students whose reporting category scores fall within associated ACT Readiness Ranges. ACT Readiness Ranges reflect where a student who has met a particular subject area's ACT College Readiness Benchmark would typically perform within the associated reporting category.

**Table 2.2. Average ACT Composite Scores for Race/Ethnicity by Level of Preparation**

| Student Group | Race/Ethnicity                         | Number of Students Tested | Percent Taking Core or More <sup>1</sup> | Average ACT Composite Score |                |

**Table 3.4. Likely ACT National Career Readiness Certificate (NCRC) Level Based Upon ACT Composite Score<sup>1</sup>**

| Student Group | ACT NCRC Level    | N      | %  | Average Composite |
|---------------|-------------------|--------|----|-------------------|
| School        | Platinum          | 13     | 18 | 28.4              |
|               | Gold              | 22     | 30 | 23.8              |
|               | Silver            | 31     | 42 | 19.3              |
|               | Bronze            | 8      | 11 | 15.0              |
|               | Needs Improvement | 0      | 0  | .                 |
| State         | Platinum          | 4,535  | 14 | 29.5              |
|               | Gold              | 7,849  | 24 | 23.8              |
|               | Silver            | 10,877 | 33 | 19.0              |
|               | Bronze            | 7,973  | 24 | 14.6              |
|               | Needs Improvement | 1,439  | 4  | 11.6              |

<sup>1</sup> The ACT Composite scores associated with at least a 50% chance of earning each ACT NCRC level or higher are: 13 for Bronze, 17 for Silver, 22 for Gold, and 27 for Platinum. Based on those cut scores, students who earned an ACT Composite score of less than 13 are classified as 'Needs improvement' as they are unlikely to obtain an ACT NCRC. Students with an ACT Composite score of 13 to 16 are classified as 'Bronze' as they are likely to obtain a Bronze NCRC, 17 to 21 as 'Silver', 22 to 26 as 'Gold', and 27 or above as 'Platinum'.

<sup>1</sup> "Curriculum Taken" reflects overall high school curriculum in this table.

<sup>2</sup> "Core or More" results correspond to students taking four or more years of English AND three or more years each of math, social studies, and natural science.

<sup>3</sup> Zero years or no coursework information reported in one or more content areas.

<sup>4</sup> Composite College Readiness Benchmark % results reflect students who met all four subject-area benchmarks.

**Table 3.6. College Readiness Benchmark Percent and Average ACT Scores by Content-Specific Curriculum**

| Student Group | Curriculum Taken <sup>1</sup> | English |     |      | Mathematics |    |      | Reading |    |      | Science |    |      |

|               | Less than Core                | 2,421   | 47  | 17.7 | 2,358       | 17 | 17.3 | 2,677   | 31 | 19.0 | 3,794   | 22 | 18.7 |
|               | Missing                       | 15,313  | 53  | 18.6 | 16,894      | 31 | 19.1 | 15,734  | 39 | 20.2 | 15,795  | 32 | 19.9 |

<sup>1</sup> "Curriculum Taken" reflects content-specific curriculum in this table.

<sup>2</sup> "Core or More" results correspond to students taking four or more years of English or three or more years of math, social studies, or natural science, respectively.

For instance, Reading "Core or More" results correspond to students taking three or more years of social studies, regardless of courses taken in other content areas.

<sup>3</sup> Zero years or no coursework information reported in the specified content area.

**Table 3.7. College Readiness Benchmark (CRB) Percent and Average ACT Scores by Common Course Patterns**

| Course Pattern                                   | School |                        |                 |                           | State  |                        |                 |                           |
